ABOUT IIMM

Indian Institute of Materials Management is the premier professional Institute of Materials Management in India. Our mission is to “promote professional excellence in materials management towards national prosperity through sustainable development” through its national network of 52 branches and 19 chapters spread over the length and breadth of the country. IIMM is dedicated to the professional activities including Educational Courses, Executive Development Programs, Seminars, Workshops, In-house Training Programs and consultancy.

INTERNATIONAL AFFILIATION

To have an effective global interaction on the subject, IIMM is a charter member of International Federation of Purchasing and Supply Management (IFPSM), USA which has its roots in 33 countries from all the six continents, representing views of Purchasing and Materials Management professionals world-wide. Its major aim is to encourage professional development, education and cross-cultural exchange and cooperation in Purchase, Materials Management, Logistics, International Trade and other related disciplines

IIMM ASSOCIATION WITH ITC UNCTAD

The International Trade Centre (ITC) UNCTAD/WTO is the Focal point in the United Nations for Technical co-operation with developing countries in trade promotion. As an executing agency of the United Nations Development Program (UNDP), ITC is directly responsible for implementing UNDP financed Projects in developing countries and economics in transition related to trade promotion.

OBJECTIVE OF THE COURSE

The primary objective of this course is to impart the relevant, necessary knowledge and skills on some of the important areas in Procurement. The course will cover some of the basic theories, and help build on the improvements and latest technology in the relevant field. It is designed to benefit both freshers and working professionals. The latest knowledge and skillsets will enable the individuals to excel in their functional areas and enable them in their carrier progression and holistic development.

FACULTY

The sessions will be handled by Senior faculty from IIMM, who are specialists in Supply Chain Management domain, and have rich Professional and Industry experience.

Name: Anandi Krishnan
Designation: Accounts Payable Delivery Manager
Company: ABB Global Service and Service Private Limited
Location: Bangalore.
Batch: CSCM Previous Batch

“Being a part of the CSCM batch was an amazing experience in many ways. I met incredible teaching faculties who are all the subject matter experts in the field they teach and that elevates the level of the classes and interactions. A great methodology, which perfectly balances theoretical and practical exercises, allows the students to discuss the topics and to really understand them.

I must say that the whole experience enriched not only my professional career, but also my personal life”

Name: Anil Patil
Designation: Head Procurement & Contract
Company: Bangalore International Airport Limited
Location: Bangalore.
Batch: CSCM Previous Batch

"Personally, I feel that this course is an amalgamation of industrial experience and the theoretical concepts supporting it. Coming from a supply chain educational background and working as a supply chain IT professional, I have always felt wanting of the actual business flows/processes. This course provided me with the professors who are industry experts in various sectors who helped me understand the different perspectives on how to look at a supply chain and analyze it better to improve it.

As an IT professional in supply chain, you often get lost in the technical/system aspect of providing a solution. This course has helped me understand my customer's requirements from a 360 deg. view and provide a more user friendly solution."

Name: Ravi Narayanan
Company: Schneider Electric Private Limited
