Silver Jubilee Edition

SCALE 2025 on 6th September 2025 at 9.00 AM to 6.00 PM

Theme: “Resilient, Responsible, Collaborative AI & ML Driven Supply Chain for future vision”

Venue: The Capitol Hotel, Raj Bhavan Rd, Bengaluru

IIMM Bangalore with a singular focus on Supply Chain Management in India has been conducting its mega annual event SCALE (Supply Chain and Logistics Expo) from the year 2000 onwards. SCALE 2025 is the Silver Jubilee event of IIMM Bangalore as IIMM SCALE celebrates its 25th anniversary. We reflect on a journey marked by innovation, collaboration, and a commitment to shaping the future of supply chain education and Skills Enhancement. From its inception in 2000, SCALE has evolved into a premier platform for academicians and industry leaders to converge, share knowledge, and foster meaningful connections. Over the years, SCALE has witnessed thought-provoking discussions, and the launch of numerous initiatives that have had a lasting impact on the supply chain management landscape. As we commemorate this milestone, we look forward to the continued growth and success of IIMM SCALE in the years to come. Please Join the Silver Jubilee celebrations of SCALE 2025.

About IIMM:

Indian Institute of Materials Management is the premier professional Institute of Materials Management in India. The mission is to “promote professional excellence in materials management towards national prosperity through sustainable development”, through its national network of 54 branches and 19 chapters spread over the length and breadth of the country. IIMM is dedicated to professional activities including Educational Courses, Executive Development Programs, Seminars, Workshops, In-house Training Programs and Consultancy.

International Affiliation:

IIMM is a charter member of International Federation of Purchasing and Supply Management (IFPSM), USA which is the union of 44 National and Regional Purchasing associations worldwide with a reach of 250,000 members. Its major aim is to encourage professional development, education and cross-cultural exchange and cooperation in Purchase, Materials Management, Logistics, International Trade and other related disciplines.

Increased e-commerce and changing geopolitical conditions have brought in more awareness of the challenges and opportunities in various supply chain roles including forecasting, planning, sourcing, contracting, vendor management, inventory management, manufacturing, distribution, foreign trade, analytics, logistics and returns. Advances in AI and digital technologies are enabling supply chains to function faster, cheaper and better.

The NLP 2024's (National Logistics Policy) goal is to bring logistics cost down to 10% from 14% of GDP to increase India's business competitiveness by developing an integrated, efficient, green and sustainable logistics network with the help of top-tier technology, optimized processes and skilled manpower.

Objectives:

Reflect on 25 years of progress in Indian supply chain and logistics sectors
Discuss and deliberate on upcoming trends in digital supply chains, ESG compliance, policy shifts, and AI-driven operations
Facilitate industry-academia-government collaboration
Recognize excellence and innovation in the field

Key Tracks and Technical Sessions:

Track 1: Strategic Outlook & Policy Framework India@100

- Vision for Supply Chain by 2047
- National Logistics Policy & Gati Shakti
- Digital Public Infrastructure & ONDC
